3:45 – 4:00	Closing Remarks

Each Year Three Rivers Pittsburgh APIC Chapter gathers Infection Preventionists and other providers for a day of education and vendor networking. Please join us this year for an exciting line up focused around the critical areas of the operating room and central sterile processing.

We will explore issues of environmental cleanliness, skin antisepsis, HLD and sterilization, surgical site infections and risk factors associated with glove perforations and the barriers to the adoption of double gloving.
